

How did Bryan Peterson get a picture of a cooked pizza from inside the oven? Check out this video. And the other links below for more free photography tips.
<http://videos.ppsop.com/pizza.html>

If the video doesn't play, go to his HOME page at www.ppsop.net and click **Join** at the top of the page. You can sign up for his free newsletter, too. He also has **you-pay-for-'um** online classes, but at \$395 a pop, they seem kind of steep to me.

If you want to see More Picture Perfect photography Tips from www.ppsop.net, go to <http://www.ppsop.com/index.aspx> and click the PERFECT PICTURE TIPS TAB.

When that page opens, select [Click here](#) if you want to see more free video tips. The [Mix oil with water](#) video is great, too.

They may ask you to Log In with a UserName and Password. If you don't have those, click the **Register** link found in the yellow **Log In** box. You'll be asked for your name, address, city, state, zip, password, and to confirm it. After you click **Save**, you can log in and go to the Perfect Picture Tips page to view the videos listed below. Happy viewing.
